Dear APT Committee:

The honor to contribute to Kenneth Wierzbowski's renewal as Systems and Assessment Librarian at Drake Memorial Library presented itself during last week's tech services meeting, when staff were informed that Ken would be devoting the majority of his workday to this renewal process. After the meeting, I asked Ken if there were anything I could submit on his behalf, I would be more than happy to do so.

From the myriad of Ken's duties, only several areas pertain directly to me: ALEPH and Summon (library systems), Illiad (interlibrary loan), ScanPro (microfiche and film scanner). The best part of having Ken as a co-worker is that he never begrudges his time or expertise when help is sought.

Ken's benchmark level for professionalism is demonstrated both in the library and throughout the entire campus. He avails himself willingly to both individuals and entire classrooms. His problem solving and troubleshooting aptitude are extraordinary, and his teacher side easily explains and translates those problems to help us understand the problem.

Please consider this letter of support for his renewal.

Respectfully submitted,

Laura Emerson
